

Committee on Customs Valuation

PRESHIPMENT INSPECTION

NOTE BY THE SECRETARIAT¹

Revision

At its meeting of 12 and 25 November and 17 December 1999, the Committee on Customs Valuation agreed that the Secretariat would prepare, in advance of regular meetings of the Committee, a document indicating the situation with regard to countries that use preshipment inspection (PSI) regimes. This information has previously been compiled and presented by the Testing, Inspection and Certification Council (TIC Council, previously IFIA) in response to a request by the WTO. On 28 April 2023, TIC Council informed the Secretariat that, following a meeting of its Government Services Committee, it was determined that no TIC Council member has an active PSI programme.
