QUESTIONS FROM THE EUROPEAN UNION REGARDING AUSTRALIA'S NEW AND FULL NOTIFICATION¹

The following communication, dated and received on 27 March 2024, is being circulated at the request of the delegation of the European Union.

The European Union thanks Australia for its notification [G/STR/N/20/AUS](#) and would like to request some additional information.

Question

Could Australia please provide further information on what the current timeframe is for the next review of the operation of the NSW Marketing Board, to determine whether it will continue to function or possibly be phased out?
