NOTIFICATION

Corrigendum

The following communication, dated 3 August 2022, is being circulated at the request of the delegation of the United States of America.

Implementing Statutory Addition of Certain Per- and Polyfluoroalkyl Substances (PFAS) to the Toxics Release Inventory Beginning With Reporting Years 2021 and 2022

TITLE: Implementing Statutory Addition of Certain Per- and Polyfluoroalkyl Substances (PFAS) to the Toxics Release Inventory Beginning With Reporting Years 2021 and 2022; Correction
AGENCY: Environmental Protection Agency (EPA)

ACTION: Final rule; correction

SUMMARY: EPA is issuing a correction to a final rule that published in the Federal Register on Monday, 18 July 2022. The document updated the list of chemicals subject to toxic chemical release reporting under the Emergency Planning and Community Right-to-Know Act (EPCRA) and the Pollution Prevention Act (PPA). Specifically, the action updated the regulations to identify five per- and polyfluoroalkyl substances (PFAS) that must be reported pursuant to the National Defense Authorization Act for Fiscal Year 2020 (FY2020 NDAA) enacted on 20 December 2019. This document corrects inadvertent errors in the preamble and the amendatory instructions that appeared in the regulatory text portion of the final rule.

DATES: This correction is effective on 17 August 2022.
